

International pavilions at bauma CONEXPO AFRICA

bauma CONEXPO AFRICA hosted several international pavilions, where exhibitors showcased innovation and technical expertise from their countries.

International Pavilions 2018

Austrian Pavilion

Austrian construction tradition – functional, sustainable, beautiful

The competitive advantage of the Austrian construction sector lies in structural and civil engineering. It includes expertise in roofing and facade, formwork technology, structural fire protection and working with concrete and moulding. A long tradition in mechanics results in machinery of high quality that extends to bridge and plant engineering, tunnelling and railway construction.

In addition to the above, Austria's expertise in the construction sector hinges on four main points:

- developing stronger, more versatile new materials,
- the use of timber,
- building sustainably and with the environment in mind, and
- the care and upgrading of buildings of historical value.

The use of contemporary, environmentally sound construction materials is changing the face of sustainable building; these materials are not only functional, they also expand options in design. Around 40,000 glass-fibre concrete panels developed by Rieder Smart Elements GmbH form the spectacular facade of the Soccer City Stadium in Johannesburg.

Austrian companies respond readily to changes in the market and the nature of construction. They are often family-owned and built on a longstanding tradition of research and development. These are the tools, materials, machines and

knowledge that Austria's export-driven economy shares with the rest of the world.

The companies present at our national pavilion in Hall 5 are a case in point! Visit their stalls to gain an impression of cutting-edge technological expertise in

- machinery – concrete, rubble sorting and crushing, parts
- plant construction – mineral processing and concrete, and
- formwork

The pavilion is organized by WKÖ – Wirtschaftskammer Österreich AUSSENWIRTSCHAFT.

Chinese Pavilion

Chinese Pavilion CCMA / CCPIT Machinery Sub-Council

China Construction Machinery Association (CCMA) and CCPIT-Machinery Sub-Council are actively promoting the economic and technical cooperation between China's construction machinery industry and its foreign counterparts. To promote int'l cooperation in construction machinery industry by holding int'l exhibitions in China, such as bauma CHINA, BICES (Beijing International Construction Machinery Exhibition & Seminar), bauma CHINA and BICES have already become the most important and well-known regional event of the industry.

As an industry association with more than 2,100 member companies and 85% industry coverage, CCMA has set up 30 branches or committees all around the China that related to excavators, earthmoving machinery, industrial vehicles, engineering cranes, concrete machinery etc.. CCMA as the only national-level industry association is representing China's construction machinery industry and also fully takes the lead in the industry, and actively organizes member companies to participate in international exhibitions. Especially for the bauma series exhibitions as bauma Munich, bauma CONEXPO AFRICA, bauma CTT RUSSIA, M&T Expo and bauma CONEXPO INDIA organized by Messe München. We wish more Chinese enterprises would expand the international business and more foreign companies known "China Creation".

Welcome to visit Chinese Pavilion of bauma CONEXPO AFRICA 2018, find more value with us.

Ms. Jolie Tian

Tel.: +86-10-68517817 / 68515521

For more information on CCMA and its member companies, please visit www.cncma.org, and for information on Chinese Pavilion, please email Jolie Tian at Tianwei@cncma.org .

European Pavilion

Messe München – co-organizer of bauma CONEXPO AFRICA and one of the leading exhibition organizers worldwide with more than 50 of its own trade shows for capital goods, consumer goods and new technologies – initiated its first own organized European Pavilion ever. We are glad to announce that its debut is at bauma CONEXPO AFRICA 2018.

The European Pavilion is allocated in Hall 6 and includes the following companies:

- **Junttan Oy** – Finland – H6.H47
- **SAMOA INDUSTRIAL S.A** – Spain – H6.G50
- **S.K. Wellman s.r.l.** (Carlisle Brake & Friction)– Italy – H6.G58
- **Blend Plants** – Italy – H6.H59
- **Peters Indu-Produkt GmbH** – Germany – H6.G40
- **Kovrov Electromechanical Plant** – Russia – H6.G52
- **Friction Marketing Company** – United Kingdom – H6.G48
- **Padley and Venables Ltd.** – United Kingdom – H6.H49
- **Red Dot Europe** – United Kingdom – H6.H41

The information counter is located at booth H6.G42.

Our exhibitors are very pleased to be a part of bauma CONEXPO AFRICA's first European Pavilion. They look forward to welcome you at their booths and to present you their companies as well as their latest industry products, technologies, innovations and services.

For more information please e-mail us at info@bcafrica.com or call +49 89 949 20256.

German Pavilion

bauma CONEXPO AFRICA 2018 is set to shine a spotlight on the multitude of opportunities in the region for companies and individuals looking to grow their businesses, find partnership prospects or simply network and knowledge share.

The 21 German companies displaying at the bauma CONEXPO AFRICA this year are inviting you to their stands and giving you an opportunity to converge and discuss business prospects.

The German construction equipment, building material and mining machinery industry is represented by VDMA, the German Engineering Federation. It is Europe's largest network of more than 3,200 companies of the sector, mainly small and medium-sized companies. VDMA is a service provider, as well as the point of contact for everyone who seeks information about German engineering technology.

Our companies offer their products and services worldwide and have sales offices, production sites and representative offices all around the globe. A lot of German manufacturers are market and/or technology leader in their field of expertise, e.g. when it comes to tunneling and road construction technologies.

The German Pavilion at bauma CONEXPO AFRICA 2018 is supported by the Federal Ministry of Economics and Technology (BMWi).

Discover what Germany has to offer!

We look forward to meeting you in **hall 5**.

For more information, please visit www.german-pavilion.com or bub.vdma.org or contact Anja Schnieder, VDMA by sending an e-mail to anja.schnieder@vdma.org .

Indian Pavilion

Confederation of Indian Industry (CII) along with the support of the Ministry of Commerce and Industry, Government of India in association with the High Commission of India, South Africa is organizing an India Pavilion at bauma CONEXPO AFRICA 2018 scheduled from 13–16 March, 2018 at Johannesburg, South Africa.

The India Pavilion brings together leading Indian brands and SMEs on one platform, to build business linkages with Indonesian industry. The exhibition will showcase Indian Companies from varied sectors including Construction Tools & Machinery, Heavy Machinery & Equipment, Building Automation, Flooring & Wall Coverings, Glass & Hardware, Cement & Steel, etc.

Key Attractions

- Meet with leading Indian Brands from the Building & Construction Sector
- Witness Innovative products & technologies on Display
- Key Focus: Construction Tools & Machinery, Heavy Machinery & Equipment, Building Automation, Flooring & Wall Coverings, Glass & Hardware, Cement & Steel, etc.
- Business & Network

Product Display

Concrete Batching Plants, Crushing & Screening Equipment, Mining Equipments & Components, Fly Ash Brick Machines, Machine & Tools Equipment, Hydraulic Cylinders & Presses, Forklift Tyres, Bolting & Chemical Solutions, Hydraulic Hose, Pvc & Fluid Connector, Plastic Extrusion Machinery, Cylinder Liners & Valves Guides, Jaw Plates, Rollers, Blow Bars, Pins & Bushes, Aggregate & Mineral Processing Equipment, Sensor Pavers & Mechanical Pavers, Polyurethane, Trommel, Mining Screens, Reversible Concrete Mixers, Industrial Silo, Fiber Cement Sheer, V Board & Yarn, Hydraulic Broom, Bituman Pressure Distributor, Asphalt Batch Mix Plant, V Board, Track Rollers, Self Loading Mobile Concrete Mixers, Concrete Pumps & Dumpers, Cold Drawn Precision Tubes, Rail Weighing Systems, Cement Industry Weighing Systems & Rfid Plant Automation among others.

We cordially invite all the Delegates & Participants to visit India Pavilion in Hall 5.

North America Pavilion

We invite you to visit the **North America Pavilion in Hall 6**.

On behalf of its member companies and exhibitors, the Association of Equipment Manufacturers (AEM) welcomes visitors to the upcoming bauma CONEXPO AFRICA 2018 and invites you to visit its North America Pavilion and other North American-based exhibitors throughout the show floor.

Together with Messe München GmbH, AEM, the producer of CONEXPO-CON/AGG in Las Vegas, co-owns and co-organizes bauma CONEXPO AFRICA.

In 2018, the North America pavilion includes the following companies:

- **4N Corporation** – Grouser bars for mining and construction – H6.G51
- **Association of Equipment Manufacturers (AEM)** – International trade association – H6.F68
- **BRON** – Utility plows, agricultural drainage plows, pipelayers, and more – H6.G55
- **Brunner & Lay** – Mining and construction tools – H6.G53
- **Bulldog Seals & Gaskets** – Sealing systems for heavy equipment – H6.F61
- **Caterpillar Defense Products** – Earthmoving machines – H6.F50
- **CONEXPO-CON/AGG 2020** – Leading international trade show for the construction, aggregates and ready mixed concrete industries – H6.F68
- **ESCO Corporation** – Highly engineered wear and replacement products in mining and construction – H6.F68
- **Patriot Engineering Services** – Spare parts for heavy equipment and trucks – H6.F61
- **ProTec Equipment** – Trench shielding and shoring products – H6.F60
- **Shuttlelift** – Innovative lifting solutions – H6.F57

AEM is the North American based international trade association advancing the off-road equipment manufacturing industry in the global marketplace (agriculture, construction, forestry, mining and utility), representing more than 900 manufacturers and suppliers with more than 200 product lines. As an exhibition organizer, AEM helps bring together manufacturers and customers to provide a superior trade show experience and best return on their trade show investment.

We are very pleased to be a part of bauma CONEXPO AFRICA, the region's most important gathering place for the construction and mining industries in 2018. Visitors will find the latest industry products, technologies and innovations. Our exhibitors are ready to discuss product capabilities to meet your specific business needs.

For more information on AEM and its services, visit online www.aem.org, and for information on AEM-produced trade shows and pavilions, please email us at sales@aem.org or call +1 414-298-4750.

Polish Pavilion

The Polish Pavilion is allocated in Hall 6 at booth **H6.F48**. You can meet and visit the following companies there:

- WIELKOPOLSKA REGION UMWW
 - EN-TANK FUEL & CHEMICAL TANKS
 - FIRMA GUTKOWSKI JAN GUTKOWSKI
 - GLINKOWSKI SP. Z O.O.
 - DIGITOUCH SP. Z O.O.
 - GEMBIAK-MIKSTACKI SP. J.
 - CAMELEO DECO COATINGS
-

Singapore Pavilion

Messe München serves the Asia-Pacific through MMI Asia Pte Ltd (MMI Asia) in Singapore and its strategic base in Hong Kong. MMI Asia provides consultancy in professional exhibition and conference management to government bodies, international trade and promotion organizations, and trade associations. It promotes global trade expansion by facilitating Asian participation in both Messe München fairs worldwide and in its distinguished trade shows in Asia.

MMI Asia, Singapore office, organizes Singapore Pavilions at major trade fairs in Munich and other countries. As part of our continuous effort and commitment, we provide professional services to our exhibitors and trade visitors with a comprehensive package for Singapore companies, who are seeking to expand and explore on business opportunities globally.

The Singapore Pavilion located at Hall 5, includes the following companies:

- [Linnhoff Technologies Pte Ltd / Lintec Concrete Technologies Pte Ltd](#) (H5.D51)
- [Trimax Machinery Pte Ltd](#) (H5.C50)
- [Xin Ji Da Pte Ltd](#) (H5.C58)

For more information, please e-mail us at: mmi_sg@mmiasia.com.sg
